

# FAQ - DIY 6mm Framed Shower

## **Do your screens comply with Australian Standards?**

Yes, all our pre-made glass panels are stamped and certified with the Australian Standards

## **What if I mismeasure, can I have my panels cut down?**

If you have mismeasured the front section of your shower you can return it. However the packaging / product must returned in its original state when first purchased. As we custom make return panels, these cannot be returned. A new panel will need to be ordered.

## **Do you install shower screens?**

We do install shower within our local area, please contact us for a quote.

## **Do my walls and floors need to be plumb?**

For ease of installation it is best if your walls/floors are square, however it is not imperative

## **Will your shower screens fit on a shower tray?**

Yes, our framed showers are designed to sit directly onto tiled floors or shower bases.

## **What hardware colours can I choose from?**

Hardware brackets are available in chrome, black and white.

## **Do you have a showroom that I can visit?**

Yes, we have a showroom located at Shop 7 97-105 Melbourne Street Mulwala
